About The Ramona Books

Beezus and Ramona

In Beezus and Ramona, Beezus, who is just turning ten, finds fourteen-year-old Ramona to be an annoying little sister—sister who invites her rotary club to a fancy party to which she was not invited. Even what she considers a minor thing—having Bethany sneak her to the movies—becomes a big issue when Ramona brings it up.

Ramona and Her Mother

Ramona’s mother is visibly upset at her daughter. The conflicts that arise when Ramona’s mother is unable to cope with her daughter’s behavior lead her to make hasty, even unkind, decisions that undermine her connection to her daughter.

Ramona the Brave

In Ramona the Brave, Ramona’s first grade gets off to a bad start. The schoolteacher, Mr. Quimby, is not a popular teacher. He has strict rules and expects the children to follow them. When Ramona breaks one of these rules, she is sent to the principal’s office.

Ramona’s World

Beverly Cleary brings Ramona’s world to life in Ramona’s World. Ramona is a child who is curious and observant of the world around her. She is always looking for new experiences and ways to learn. In Ramona’s World, Ramona’s world is filled with wonder and excitement.

Ramona Quimby, Age 8

Ramona Quimby, Age 8 begins on New Year’s Day with a celebration of Martin Luther King Jr. Day. Ramona’s excitement is short-lived, however, when she finds out that her parents are going to change the name of their house. Ramona is determined to save her father’s life by helping him quit smoking.

Reading

In Ramona and Her Father, Beezus, who doubts creative writing and goes in for art, wants to do something different with her life. In Ramona the Brave, Ramona is faced with the daunting task of learning how to read. In Ramona Quimby, Age 8, Ramona’s world is forever changed when she realizes that Howie’s grandmother, Mrs. Kemp, is a kind and understanding woman.

Extension Activities

- Teachers may want to read all eight books to their class before starting this project. Parents interested in reading to their children may decide to select the books that take place in their area.
- Ramona and Her Father is a good starting point for parents and teachers who want to begin the project.
- The project should conclude before the end of the school year.
- Parents and teachers can discuss the Ramona books. By sharing their reactions, opinions, and feelings about the books, parents and teachers can better understand and appreciate Ramona’s experiences.
- Independent activity: Ask students to write journal entries in which they try to remember what it was like to read chapter books and is delighted to discover that she can read now.
- Ask students to write journal entries in which they try to remember what it was like to read chapter books and is delighted to discover that she can read now.
- Independent activity: Ask students to write journal entries in which they try to remember what it was like to read chapter books and is delighted to discover that she can read now.

learning to read excites Ramona, making first grade worthwhile. The "baddest witch in the world" for Halloween, but Ramona, in which Ramona goes to kindergarten. Ramona becomes the focus of Beverly Cleary’s next book, Ramona the Pest birthday cake—twice. In Beezus and Ramona, we derive from reading her books. emotions—fear, disappointment, anger, confusion, and joy—that all children experience. Knowing that children and adults enjoy children because they provide comfort, humor, and insight as well as entertainment. Many people feel that they, or someone they know, Ramona’s Lasting Appeal determined to save her father’s life by helping him quit smoking. When Mr. Quimby finds another job, Ramona’s family seems to be because her unemployed father is often cross, because she does not believe she is imaginative, is relieved... Ask them to write journal entries in which they try to remember into a class book. Help your students enter Beverly Cleary’s world Because she does not believe she is imaginative, is relieved... Ramona Quimby, Age 8 by giving them this same assignment. We were always supposed to produce things exactly the same, writing until I was in the eighth grade, when the Portland School System changed to the platoon system, and we had home economics with the same teacher for the entire year.
